

Certificate

Manufacturer's Qualification for Welding of Steel Structures to DIN 18800-7:2008-11

Class D

This is to certify that the company **Edelstahlverarbeitung Schmitt GmbH**

with its domicile in **02689 Taubenheim, Spree, Zumpeweg 3**

employs the required qualified workforce and uses the equipment required for welding of load-carrying steel structures in the following field of application:

Standards / Codes DIN 18800-7

Welding processes 111, manual electric arc welding (E)
135, partly mechanized welding (tMAG)
141, tungsten inert-gas welding (TIG)

Base materials S235, S275, S355 acc. to DIN 18800-1:2008-11 and with the relevant applicable list of construction regulations
stainless steel grades according to the applicable DIBt permit certificate

Restrictions / Extensions stainless steel grades (1.4301, 1.4307, 1.4541, 1.4401, 1.4404, 1.4571)
acc. to Z-30.3-6, points 4.6.2 and 4.7.1

Responsible welding supervisor **Dobslaw, Michael**, born 22 November 1965, EWE (European welding engineer)
(surname, first name, date of birth, qualification)

Representative ---
(surname, first name, date of birth, qualification)

Notes see overleaf

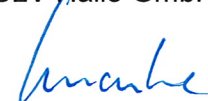

Validity period 01 October 2010 to 30 September 2013

Certificate No. GSIHal/18800/D/164/3/04

Date of issue 15 December 2010

General regulations see overleaf

SLV Halle GmbH

by: Head of Inspection Board
(Gurschke)

General Regulations

1. Prior to any execution of welding work and without being asked to do so, the manufacturer shall hand over a certified copy of this certificate to the authorities in charge of granting the building permit.
2. This certificate may be copied or published for advertising or other purposes only as a whole. The text in advertising publications must not be in conflict with the contents of this certificate.
3. The notified body shall be informed in due time about the withdrawal of person(s) mentioned in this certificate as welding supervisors, modifications of the welding process or essential parts of equipment required for proper execution of welding work. If deemed necessary by the notified body, another inspection may be carried out in the manufacturer's premises.
4. If doubts about the manufacturer's qualification arise, the notified body reserves the right to carry out unannounced visits and inspections in the manufacturer's premises with costs.
5. This certificate may be withdrawn, supplemented or modified at any time with immediate effect and without compensation in cases where the prerequisites under which the certificate had been issued have changed, or in cases where the regulations of this certificate are not complied with.
6. At least two months before expiration of validity of this certificate, another application for renewal shall be filed with the notified body if the manufacturer wishes to have the validity of this qualification certificate extended.

Notes:

Mr. Norman Schmitt, EWS (European welding specialist), DOB 31/07/1968, is appointed in support of the responsible welding supervisor.
